

Mississippi Action For Progress, Inc.

Chalybeate Head Start Center Grand Opening

It's a new day and a new site for Mississippi Action For Progress, Inc. Chalybeate Head Start Center in Walnut, MS held a grand opening and ribbon cutting event to celebrate it's new center.

This new site comes as replacement to it's original site which was lost in a fire in 2004. Since the fire, the center has been located at a temporary site.

The children, staff, parents, board members, officials and friends all came out to ensure that the event was a huge success.

Martha Montgomery, Center Administrator, welcomed everyone to the event and expressed how very happy everyone was about the new center. Dr. Dorothy S. Foster, MAP's Finance/Administrative Support Director, was the guest speaker at the event. She spoke of how important early

childhood education is and how important this center will be in providing that.

Following the ribbon cutting, the children of Chalybeate center and staff released balloons.
