

# Mississippi Action For Progress, Inc.

## Self-Assessment Wrap-Up

The 2010 Self-Assessment Process at Mississippi Action For Progress, Inc. was once again successful. The wrap-up session for the assessment was held at it's 12 Oak Training Facility in Jackson, Mississippi. **Ms. Elizabeth Taylor, Management Consultant of Chrismar Concepts International**, facilitated the wrap-up/work session.

The session was attended by the regional assessment team leaders, regional administrators and Central Office. With summary reports in-hand they met for an intense session brainstorming the issues. Each region reported out as far as findings and/or issues were concerned. This wrap-up, as well as the self-assessment process, was guided by the capable and experienced hands of **Ms. Gwendolyn Horton, Information Management and Compliance**.

**Wrap-Up Participants**

Ms. Taylor talked to the group about the **3-R's** of the latest Federal thrust. They are **Rigorous Self-Assessment, Robust Monitoring and Rock-Solid Fiscal**. As far as the R's are concerned, MAP has a long-standing advance in each area.

**Dr. Dorothy S. Foster, Fiscal/Administrative Support Director**, concluded the work session with words of encouragement for the entire group. She asked that they all remember and live up to MAP's motto: **"MAP - The Best In The Business."**
